## Brief Information About Our Treatment Process

Your health journey with us is smooth and safe. The process proceeds as follows:

### **Initial Consultation and Evaluation:**

Based on the procedure you are interested in, our specialist doctors review your medical history and photos.

### **Personalized Offer:**

If you are deemed suitable, a customized treatment plan and price offer are prepared for you. The offer includes treatment, medications, accommodation, and airport transfers.

### **Booking and Planning:**

Once your flight tickets are confirmed, your treatment/surgery date is scheduled, and your hotel and transfer reservations are arranged.

### **Arrival and Treatment Process:**

Our team welcomes you at the airport and takes you to your hotel. Depending on your arrival time, direct transfer to the hospital may also be arranged. You will receive professional support throughout your treatment.

### **Follow-up and Discharge:**

After your treatment is complete, necessary check-ups are carried out, you are informed about the recovery process, and safely guided back home.

# Op. Dr. Bekir Zafer AKAD

## Plastic and Reconstructive Surgery

Dr. Bekir Zafer Akad\* is a distinguished plastic and reconstructive surgeon with a robust background and extensive expertise in both aesthetic and reconstructive procedures.
